OBJECTIVE

I am a final-year Computer Science Engineering student seeking a software-based role where I can apply my technical knowledge, contribute effectively to organizational goals, and enhance my skills through continuous learning and innovation.

EDUCATION

Bachelor of Technology (Computer Science and Engineering) Malla Reddy University, Hyderabad, CGPA: 8.40	2022 – Present
Intermediate (MPC) Aditya Junior College, Bhimavaram, CGPA: 8.25	2020 – 2022
Secondary School Certificate (SSC) St.Anns English Medium High School, Bhimavaram, CGPA: 10.0	2019 – 2020

SKILLS

Programming: Java
Core Concepts: DSA(Arrays, Strings, Hashing), OOP, SQL
Technologies: Web Development
Tools: MySQL, VS Code, Git

PROJECTS

Employee Management System

Tools: Java, JDBC, MySQL

- Built a console-based system for managing employee data.
- Implemented CRUD operations using JDBC with MySQL database.
- Optimized database operations for better performance and reliability.

Car Rental Admin Dashboard-React Web Application

Tools: React.js, CSS, JavaScript, JSON

- Built a responsive admin dashboard for car rental management.
- Implemented booking and payment modules using React components.
- Managed dynamic data rendering using state and reusable components for better UI performance.

CERTIFICATIONS

- LearnQuest – Introduction to Java
- Rice University – Python Programming Essentials

TECHNICAL STRENGTHS

- Problem-Solving
- Quick Learning
- Time Management
